ORGANIC Chocolate

The best quality cocoa beans from Uganda, Tanzania and Congo are now blended to give you the ultimate chocolate experience. The East African cocoa contains highly aromatic Tanzanian beans of very limited supply, rich and smoky Ugandan and Congolese cocoa beans. This refreshed organic range continues to support our “Cocoa for Schools” project in South Tanzania and it is Rainforest Alliance certified.

SAFARI Chocolate Bar

Not only do chocolate-lovers get a taste of a truly scrumptious collection, these bars also support local communities in southern Tanzania through Cachet's "Cocoa for Schools" programme. The initiative works in a unique and efficient way – building schools to provide children with the right environment to learn, read and write. By doing so, it offers them a better future.

So why wait? It's time to explore this exciting new range of premium chocolates and, at the same time, give back to those less fortunate. It's a deliciously wild ride.

Our PROGRAM

The "Cocoa for Schools" is a NGO founded by Fons Maex and it is committed to improve the lives of thousands of cocoa farmers and their families in the Kyela, Busokelo and Rungwe districts of Mbeya, Tanzania. The program has two parts: community development and farmer productivity enhancement. The school building program is today the main activity in the community development. We believe a good education is the key to lift people out of poverty.

SUSTAINABLE DEVELOPMENT GOALS

Recently we have identified our social, environmental and climate related impact. The Sustainable Development Goals are a call to action to end poverty, protect the planet and ensure peace and prosperity everywhere.

Supporting improvements to childhood education in the cocoa-growing region of Kyela, Tanzania, by building schools and educating farmers through our non-profit program.

Reducing environmental impact with a water treatment installation based on the principles of biofermentation.

Last year we avoided the emission of 1309 tons of CO2 by choosing renewable energy. Our 4000 solar panels produce 25% of our electricity needs.

We are one of the founding members of the 'Beyond Chocolate' initiative since 2017. An initiative to end deforestation, stimulate education and provide a living income for cocoa growers.

The P of "People." Our People are 180 men and women, representing 27 different nationalities, working together to achieve the same goals, day by day.

We have received the SDG pioneer award

Our efforts impact following Sustainable Development Goals:
